Sure TAPE BACKUP SERVICE

The Sure Tape Backup Service provides You with a managed solution for the changing and storage of tapes containing Your backup data. We do not guarantee the contents of any of the backup tapes as it is Your responsibility to monitor and report failed backups or the backup of incorrect data.

DATA CENTRE SPECIFIC TERMS AND CONDITIONS

These Data Centre Specific Terms and Conditions should be read in conjunction with the Data Centre General Terms and Conditions. Where there is conflict, these Data Centre Specific Terms and Conditions (as applicable) supersede the Data Centre General Terms and Conditions.

1. DEFINITIONS AND INTERPRETATION

The Data Centre General Terms and Conditions include definitions. These definitions are in addition.

“Hosting Centre” means the site provided by Us to You with connectivity to Our Telecommunication Network used to provide hosting services to You.

“Hosting Solution” means a collection of services provided under the Data Centre General Terms and Conditions and Data Centre Specific Terms and Conditions taken as a single solution provided by Us to You.

“Supported Platform Document” means the document detailing the standard makes, models and configurations of equipment and software versions We are able to support as part of Your Hosting Solution.

“Tape Backup Service” means the Service provided by Us to You under these Data Centre Specific Terms and Conditions to deliver You a managed solution for the charging and storage of tapes containing Your back up data.

2. PROVISION OF SERVICE

2.1 We will provide You the Tape Backup Service from the Service Delivery Date. The Tape Backup Service includes:

2.1.1 retention of Your backup tapes within Our Hosting Centre where Your servers are located;

2.1.2 incremental backup of daily changes (i.e. only new files or those that have changed will be backed up) as decided and initiated by You and agreed with Us in writing;

2.1.3 full backup, on different tape, once per week as separately requested by You and as agreed between You and Us in writing; and

2.1.4 provision of all backed up data as requested by You in writing. You are responsible for initiating all requests for a restore and We are responsible for executing the restore.

2.2 In addition to the standard service offered by Us to You under clause 2.1 above, We can offer You additional service options. These include:

2.2.1 full daily backup which involves a tape change each day;

2.2.2 ad hoc backups, performed at Your request; and

2.2.3 retention of Your tapes off site, at a different site from the Hosting Centre where Your servers are located;

2.3 Each service option set out in 2.2 above and ordered by You incurs an additional charge which is set out in clause 4 below.

2.4 As part of the Tape Backup Service, We will provide You with two restores per calendar year at no charge. Any additional requests for the provision of such restores will be charge as one-off actions or charges under clause 2.2.2.

3. SERVICE PROVISION REQUIREMENTS

- 3.1 In order for Us to provide You the Tape Backup Service, the following requirements apply:
- 3.1.1 Your tape library must be located in one of Our Hosting Centres;
 - 3.1.2 all backups will begin in accordance with the timeline agreed between You and Us in writing. This is to ensure that a tape is correctly loaded into Your tape library as required by You;
 - 3.1.3 once You have requested a restore, We will need to receive all the necessary information prior to carrying out the restore. This will include which tape is to be loaded into which tape drive, the time the restore is to begin and any other information that may be reasonably requested by Us; and
 - 3.1.4 in the case of tapes being stored off site, additional time will be needed for tape retrieval.
- 3.2 The Tape Backup Service is available for all hardware and software systems listed in the Supported Platform Document. If the hardware and/or software systems that You use do not comply with the Supported Platform Document, then We will not be able to provide You with the Tape Backup Service. Where the Tape Backup Service is included as part of a Hosting Solution it will be specified in the Order Form.
